RNR Trading & Distribution SPC

COMPANY PROFILE

MESSAGE FROM THE FOUNDER

“At RNR, we believe in delivering practical, reliable, and value-driven solutions tailored to our clients’ needs. Our commitment is to build lasting partnerships through trust, transparency, and consistent service excellence.”

My professional journey began in the advertising industry, where I developed a strong foundation in communication and client relations. I later gained valuable experience across the shipping, insurance, and FMCG sectors in Dubai, working with multinational organizations that broadened my business perspective and strengthened my customer-focused approach.

In 2010, I moved to Oman and joined the oil and gas industry, where I spent nearly a decade in various operational and project-related roles. This experience provided deep industry knowledge and a practical understanding of delivering results in demanding environments. Building on this diverse background, I founded RNR Trading & Distribution SPC in 2020 with a vision to provide dependable solutions and exceptional service under one trusted platform.

Ameer Farook
Managing Director

RNR Trading & Distribution SPC

INTRODUCTION

ABOUT US

- At RNR Trading & Distribution SPC, we are committed to delivering practical, reliable, and value-driven solutions tailored to the evolving needs of our clients. Built on a foundation of trust, transparency, and service excellence, we strive to create long-term partnerships across the industries we serve.
- Established in 2020, RNR was founded on decades of experience gained across advertising, shipping, insurance, FMCG, and the oil & gas sectors. This diverse background has enabled us to develop a strong understanding of client requirements, operational excellence, and industry best practices.
- Today, RNR serves as a trusted partner, bringing together expertise, innovation, and dependable service under one platform. Our focus remains on providing high-quality products, maintenance solutions, and project services that deliver lasting value to our clients.

MISSION

- We are committed to delivering quality products and dependable services with integrity, efficiency, and value. Our focus is on building lasting customer relationships through reliability, professionalism, and consistent satisfaction.

VISION

- We strive to build strong, long-term partnerships through trust, collaboration, and mutual growth, creating lasting value for our customers, suppliers, and stakeholders.

ROAD EXTENSION

GATE-E BARRIER

الموج
al mouj
مسقط muscat

النهضة
Renaissance

Completed road extension project at Al Mouj, the scope of work included the extension of the roadway, repositioning of street lighting to suit the new layout, and the installation of four different types of interlock paving carefully selected to match the existing design. The project was executed within the committed timeline. Timely completion was particularly critical as the road required temporary closure, The result for co-operation of Al Mouj and the expertise of our team is a cohesive, high-quality finish that aligns with the existing aesthetic while enhancing functionality and accessibility.

WATER PROOFING

P5 PARKING BUILDING

الموج
al mouj
مسقط muscat

النهضة
Renaissance

RNR Trading & Distribution SPC is pleased to announce the successful completion of the Planter Box Waterproofing Works at Al Mouj – P5 Parking Building. The scope of work included the removal of existing soil and waterproofing materials, surface preparation, application of bitumen coating, installation of high-quality waterproofing sheets, placement of geotextile layers, and reinstatement of soil to ensure long-term protection and durability. We are proud to continue delivering reliable maintenance and waterproofing solutions for prestigious developments across Oman.

آر إن آر للتجارة والتوزيع ش.م.خ

BOUNDARY WALL CONSTRUCTION

الموج
al mouj
مسقط muscat

النهضة
Renaissance

We are proud to have successfully completed a boundary wall project at Al Mouj. The scope included full construction from foundation to finishing, ensuring structural strength, durability, and a clean architectural look that complements the surrounding development. Delivered with precision and quality workmanship, this project reflects our commitment to meeting client expectations and maintaining the highest construction standards.

آر إن آر للتجارة والتوزيع ش.م.خ

EPOXY PAINTING

CYCLING TRACK

الموج
al mouj
مسقط muscat

النهضة
Renaissance

Completed the renovation of an existing concrete walkway covering approximately 250 sq. m and an asphalt pathway covering approximately 900 sq. m. The existing surfaces were inspected and prepared for refurbishment works. Grinding was carried out to smooth the surfaces and remove any imperfections. A high-quality epoxy coating was then applied to enhance the appearance and durability of the pathways. The completed work provides a clean, long-lasting finish with improved resistance to daily wear and weather conditions.

آر إن آر للتجارة والتوزيع ش.م.خ
RNR Trading & Distribution SPC

IT ROOM SHIFTING

MASJID AL MOUJ

الموج
al mouj
مسقط muscat

النهضة
Renaissance

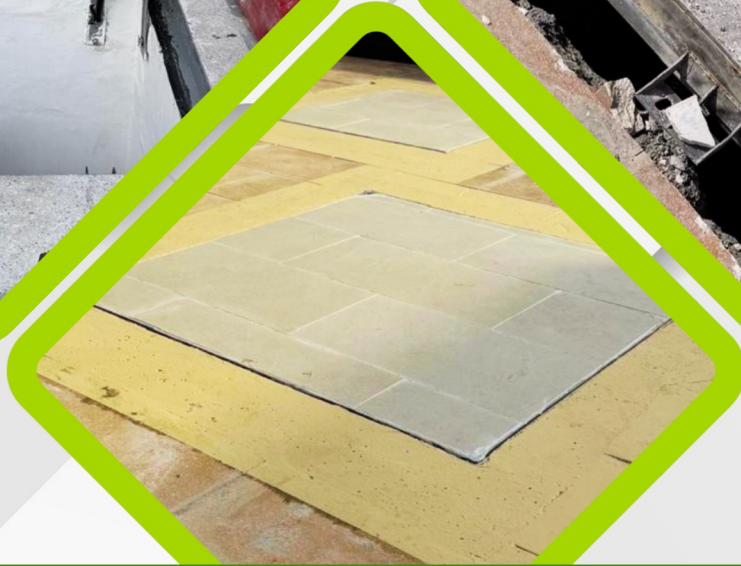

Successfully completed masonry and electrical works at Al Mouj Community Hub, including a new integrated masonry wall and provision for 18 electrical sockets. The server room works included installation of a 2.00 m x 5.20 m carpet, construction of a 100 mm raised server platform, and installation of air conditioning with required core cutting, providing a secure, clean, and functional server room.

MANHOLE PROJECT

ZUNEIRAH

الموج
al mouj
مسقط muscat

النهضة
Renaissance

Successfully completed the replacement of 4 existing manholes with new hydraulic lift manholes at Al Mouj Juneria. The scope included complete dismantling of the old manholes, installation of new hydraulic systems, and all associated works. Surrounding areas were finished with matching tiles and repainting to seamlessly blend with the existing surroundings.

PORTACABIN SHIFTING

NEW TENNIS COURT

الموج
al mouj
مسقط muscat

النهضة
Renaissance

Completed the relocation and installation of two porta cabins from the existing location to the designated site. The work included installation of the required electrical pipework and DB box connections, external painting in blue and pink colours, replacement and installation of new plywood inside the cabins, and complete internal painting. The required lighting and other electrical requirements were also installed, ensuring the cabins were fully renovated, functional, and ready for use.

آر إن آر للتجارة والتوزيع ش.م.خ
RNR Trading & Distribution SPC

EPOXY PAINTING

P5 PARKING

الموج
almouj
مسقط muscat

النهضة
Renaissance

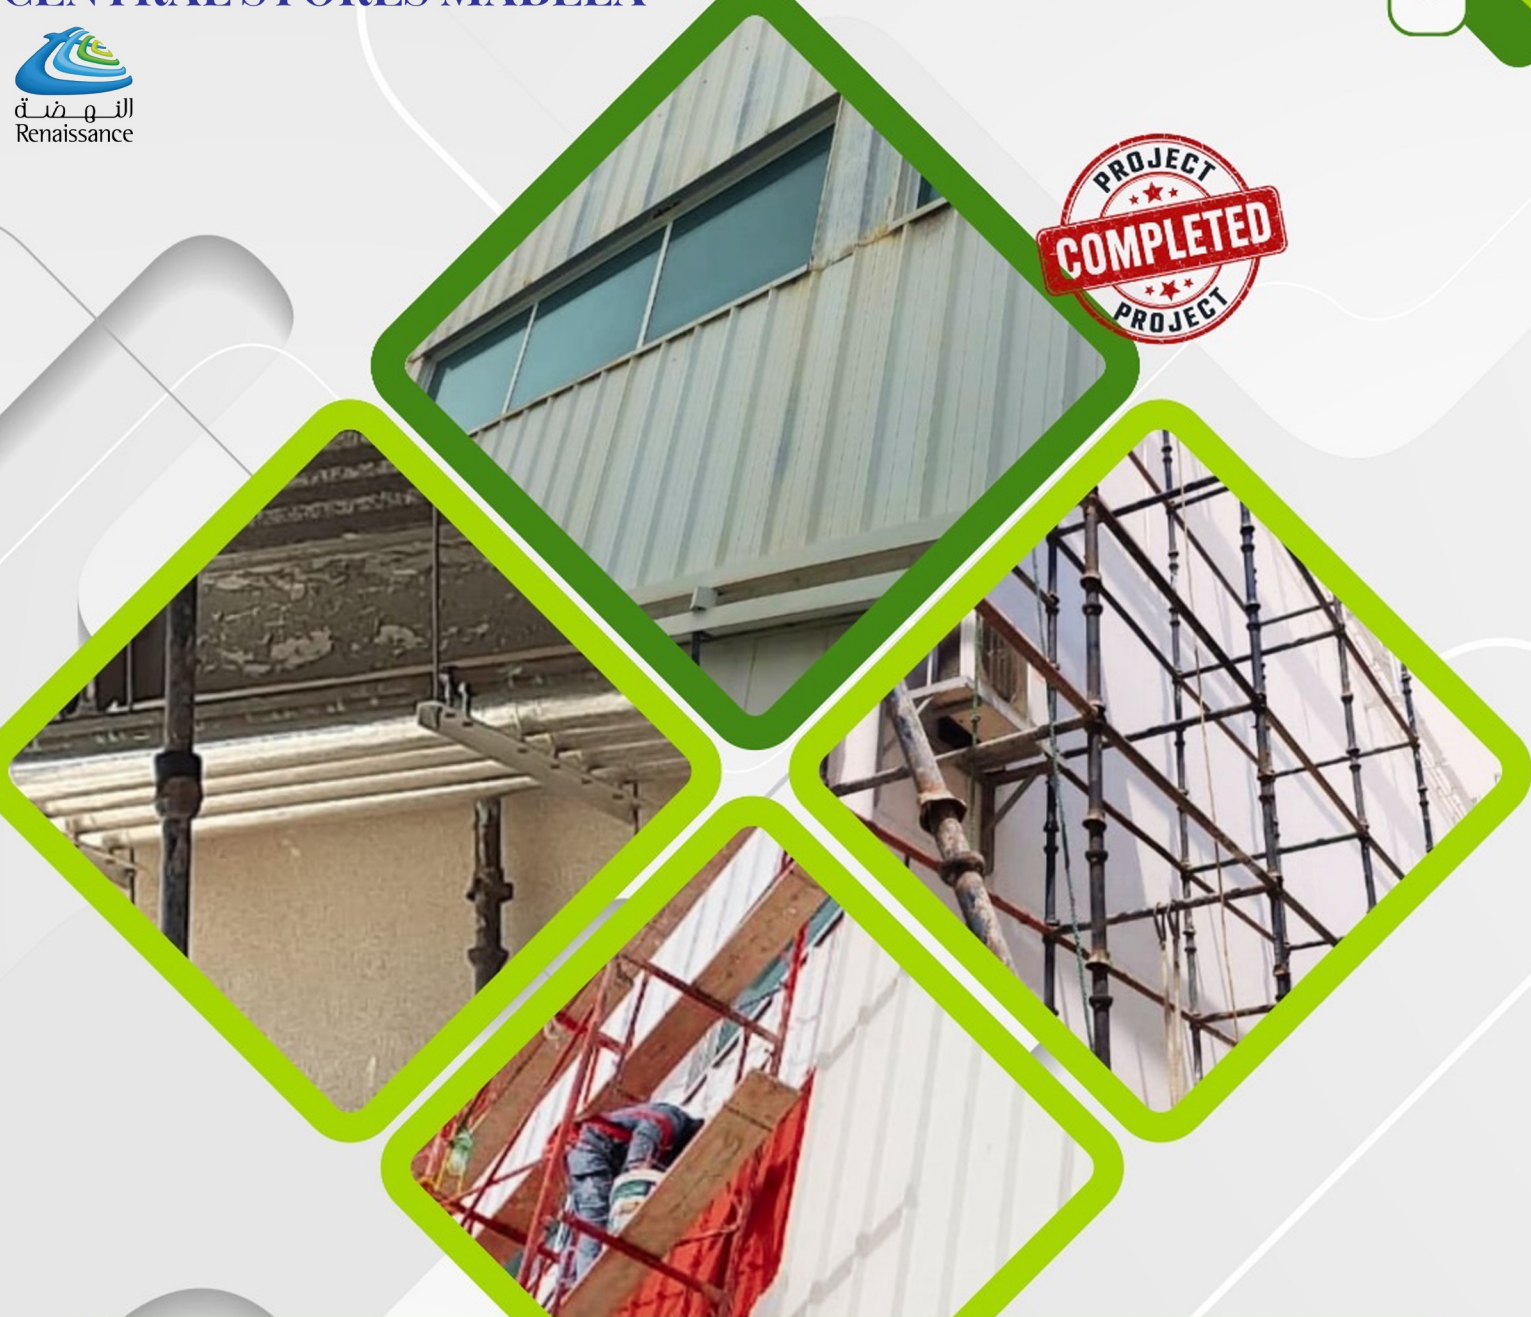

Successfully completed 280 sqm of epoxy painting for the P5 parking area. The existing epoxy surface was fully grinded and cleaned, followed by application of putty to the required areas for surface preparation. The area was then finished with 1 coat of primer and 2 coats of epoxy to achieve a smooth, durable, and high-quality finish.

آر إن آر للتجارة والتوزيع ش.م.خ
RNR Trading & Distribution SPC

PAINTING & RENOVATION

CENTRAL STORES MABELA

The rectification of the sandwich panel was completed by installing a new 26G profile sheet over the damaged area, followed by effective waterproofing to ensure durability. The deteriorated concrete between the slab and corroded panel section was removed, and C30 grade concrete was applied at the crack joint to restore structural integrity. Additionally, external wall painting of approximately 700 sq.m was completed using a high-grade Hempadur coating, providing enhanced protection and finish.

آر إن آر للتجارة والتوزيع ش.م.خ
RNR Trading & Distribution SPC

HVAC & PIPING

CENTRAL STORES MABELA

2024

The supply and installation of the chilled water pipeline were successfully completed, along with the re-insulation and fixing of internal cold room refrigeration pipes, including thermal insulation and the fabrication and installation of aluminium drain trays beneath the pipeline system. Additionally, approximately 900 running meters of external piping were completed with cladding work and thermal insulation, ensuring efficient performance, durability, and protection against environmental conditions.

آر إن آر للتجارة والتوزيع ش.م.خ
RNR Trading & Distribution SPC

FIRE HYDRANT SHIFTING & CIVIL

BP KHAZZAN

Completed the civil work required for relocating two existing defective fire hydrants to new designated locations as instructed by the client. The damaged hydrants were carefully removed from their original positions without affecting nearby structures and services. New fire hydrants supplied by the client were installed at the approved locations. Necessary excavation, foundation preparation, pipe connection, and reinstatement works were carried out to ensure proper installation. The work was completed successfully, and the hydrants were positioned to provide safe and convenient access for firefighting operations.

آر إن آر للتجارة والتوزيع ش.م.خ
RNR Trading & Distribution SPC

RENOVATION OF LAUNDRY

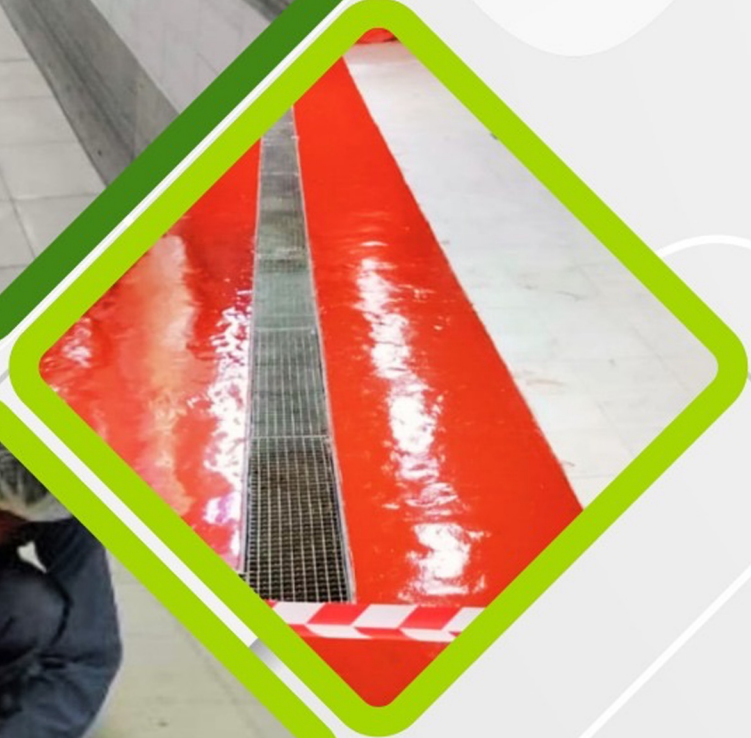

DUQM

The laundry facility renovation included the application of high-grade epoxy coating over approximately 2,000 sq.m and the construction of a 100 sq.m concrete slope to improve drainage and operations. A stainless steel drainage system and UPVC windows were installed to enhance functionality. The external drainage line was connected to the main network with asphalt reinstatement. External wall painting was also completed, providing a durable and improved finish.

RENOVATION OF KITCHEN

QARNALAM

The civil and maintenance works for the kitchen and bakery areas were successfully completed, including the installation and rectification of 30 × 30 cm tiles over an approximate area of 900 sq.m. All works were carried out to ensure proper alignment, surface leveling, and long-term durability. In addition, epoxy coating was applied over an area of approximately 400 sq.m within the Central Kitchen, providing a seamless, hygienic, and chemical-resistant surface finish. These works enhance both the functional performance and maintenance standards of the facility.

SQUASH COURT (RENOVATION)

FAHUD

The damaged wooden flooring in the squash court was carefully removed and replaced with new SPC flooring, covering an area of approximately 645 × 975 cm. The old flooring was dismantled and the surface was thoroughly cleaned and prepared before the installation of the new flooring. An underlayer coat was applied to provide a smooth and stable base for the SPC flooring. Additional anti-termite treatment was also carried out to protect the flooring from pest damage and improve its lifespan. The work was completed successfully, resulting in a strong, durable, and improved playing surface for the squash court.

آر إن آر للتجارة والتوزيع ش.م.خ
RNR Trading & Distribution SPC

ROOFING WORKS

IMC HEAD OFFICE

We have successfully completed repair works on the parapet wall coping steel cover at the Head Office roof of International Marble Company (IMC). The scope involved restoring and securing the existing steel coping to ensure proper protection, structural stability, and long-term durability against harsh weather conditions. The project was executed with precision, and detailed site images have been documented to showcase the quality and completion of the work.

PIPELINE REPLACEMENT

IMC HEAD OFFICE

Successfully completed a comprehensive pipeline upgrade project at the International Marble Gallery in Qurum. The scope of work covered approximately 490 running meters of existing 1" and 1.5" copper pipes, which were fully replaced with heavy-duty PRP piping systems. Our team ensured complete installation including all required fittings, accessories, and waterproofing works. To enhance durability and long-term protection, the newly installed pipelines were secured with cora cloth wrapping.

MOBILE TOWER (CONSTRUCTION)

PRIVATE

Omantel BURAIMI

Construction of a mobile tower at Buraimi site to enhance network coverage and connectivity in the surrounding area. The project ensures improved communication infrastructure, supporting reliable and efficient mobile services

DATA CENTER (CONSTRUCTION)

PRIVATE

Omantel NIZWA

We recently completed a key milestone project - the Nizwa Omantel Data Centre. This project reflects our strong focus on quality and precision. We built a reliable, telecom-grade facility that meets the highest industry standards.

VILLA RENOVATION

PRIVATE

SAMAIL

Completed the renovation of a premium villa, tailored entirely to our customer's requirements. From design updates to quality finishes, every detail was crafted with care and precision. We're proud to have delivered a result that brought complete satisfaction to the client — a perfect blend of style, comfort, and quality workmanship.

LAYING OF KERBSTONE

PRIVATE

SAMAIL

Kerbstone laying works were successfully carried out at a private villa in Samail, ensuring precise alignment and proper leveling throughout the project. The installation was executed using quality materials and workmanship to enhance durability, provide structural support to paved areas, and achieve a neat, well-defined finish.

ROOF WATER PROOFING

PRIVATE

MUSCAT HILLS

Filling of gaps between existing tiles using suitable tile grout to ensure a proper finish. Repair of cracks on the walls, including surface preparation and application of appropriate repair materials. Construction of an additional stand for the water tank, along with waterproofing treatment for the tank room floor to prevent water leakage.

ROOF WATER PROOFING & CIVIL

PRIVATE

SHATTI QURUM

The supply and installation of 30×30 terrazzo tiles were successfully completed at the Billionaire Restaurant roof area, covering approximately 400 sq.m. The works included the application of an effective waterproofing system to ensure long-term durability and protection. The installation was executed to achieve a uniform finish and enhanced surface performance.

SHUTTERING & STEEL FABRICATION

PRIVATE

AL ANSAB

Shuttering and steel fabrication works were successfully carried out at a private villa in Al Ansab, covering an area of approximately 400 sq. m. The scope included formwork preparation and the fabrication and installation of structural steel elements, ensuring high-quality execution, structural integrity, and adherence to project specifications.

SHUTTERING & STEEL FABRICATION

PRIVATE

MABELLA

Steel fabrication works were successfully completed at a private villa in Mabella during April, covering an area of approximately 380 sq. m. The scope included the fabrication and installation of structural steel components, ensuring durability, precision, and compliance with project specifications.

SERVICE & REPAIR OF CHILLER PRIVATE IBRI

Servicing of the Carrier make chiller and freezer at the Daleel site was successfully completed using water jet cleaning and blower methods to ensure efficient operation. All electrical connections were thoroughly inspected, and key parameters including temperature and pressure were checked and verified. Necessary adjustments were carried out to optimize system performance. The units are now operating effectively, maintaining internal temperatures of 3.5°C for the chiller and -15°C for the freezer.

LAYING OF INTERLOCK PRIVATE QURUM

The interlock paving works were successfully carried out at PDO Qurum, covering an area of approximately 250 sq. m. The scope included proper ground preparation, leveling, and installation of high-quality interlock blocks to ensure durability, stability, and a well-finished surface suitable for long-term use.

RNR EVENTS

In November 2025, We successfully hosted the RNR Soccer League at Al Amal Club, bringing together a large and diverse audience. The event also served as a platform to introduce **UNIK chemical hygienic solutions** to the business community in Oman.

The presence of the Ambassadors of **India** and **Sri Lanka** added significance to the occasion, making it a memorable gathering. It was a vibrant and successful event filled with energy, laughter, and strong community engagement.
